Level 3: Make a node.

The player makes a node with the red ribbon and the blue ribbon of the activity apron. The player first makes a node on the apron lying on the floor.

Location of the child and the apron

The player then makes a node on the apron when wearing it

Level 4: Socialization/Competition

Socialisation:

2 children are playing together.

They undress and dress the different layer of the apron of the other player.

Competition:

The children have to dress and undress as quickly as possible but in a quiet way.

Additional: difficult dressing and undressing.

If the player can not easily dress or undress, stiffen the apron using a simple corrugated cardboard 230 x 230 x 3 mm.

Cut a square of 230 x 230 mm with a 3 mm thickness in a cardboard.

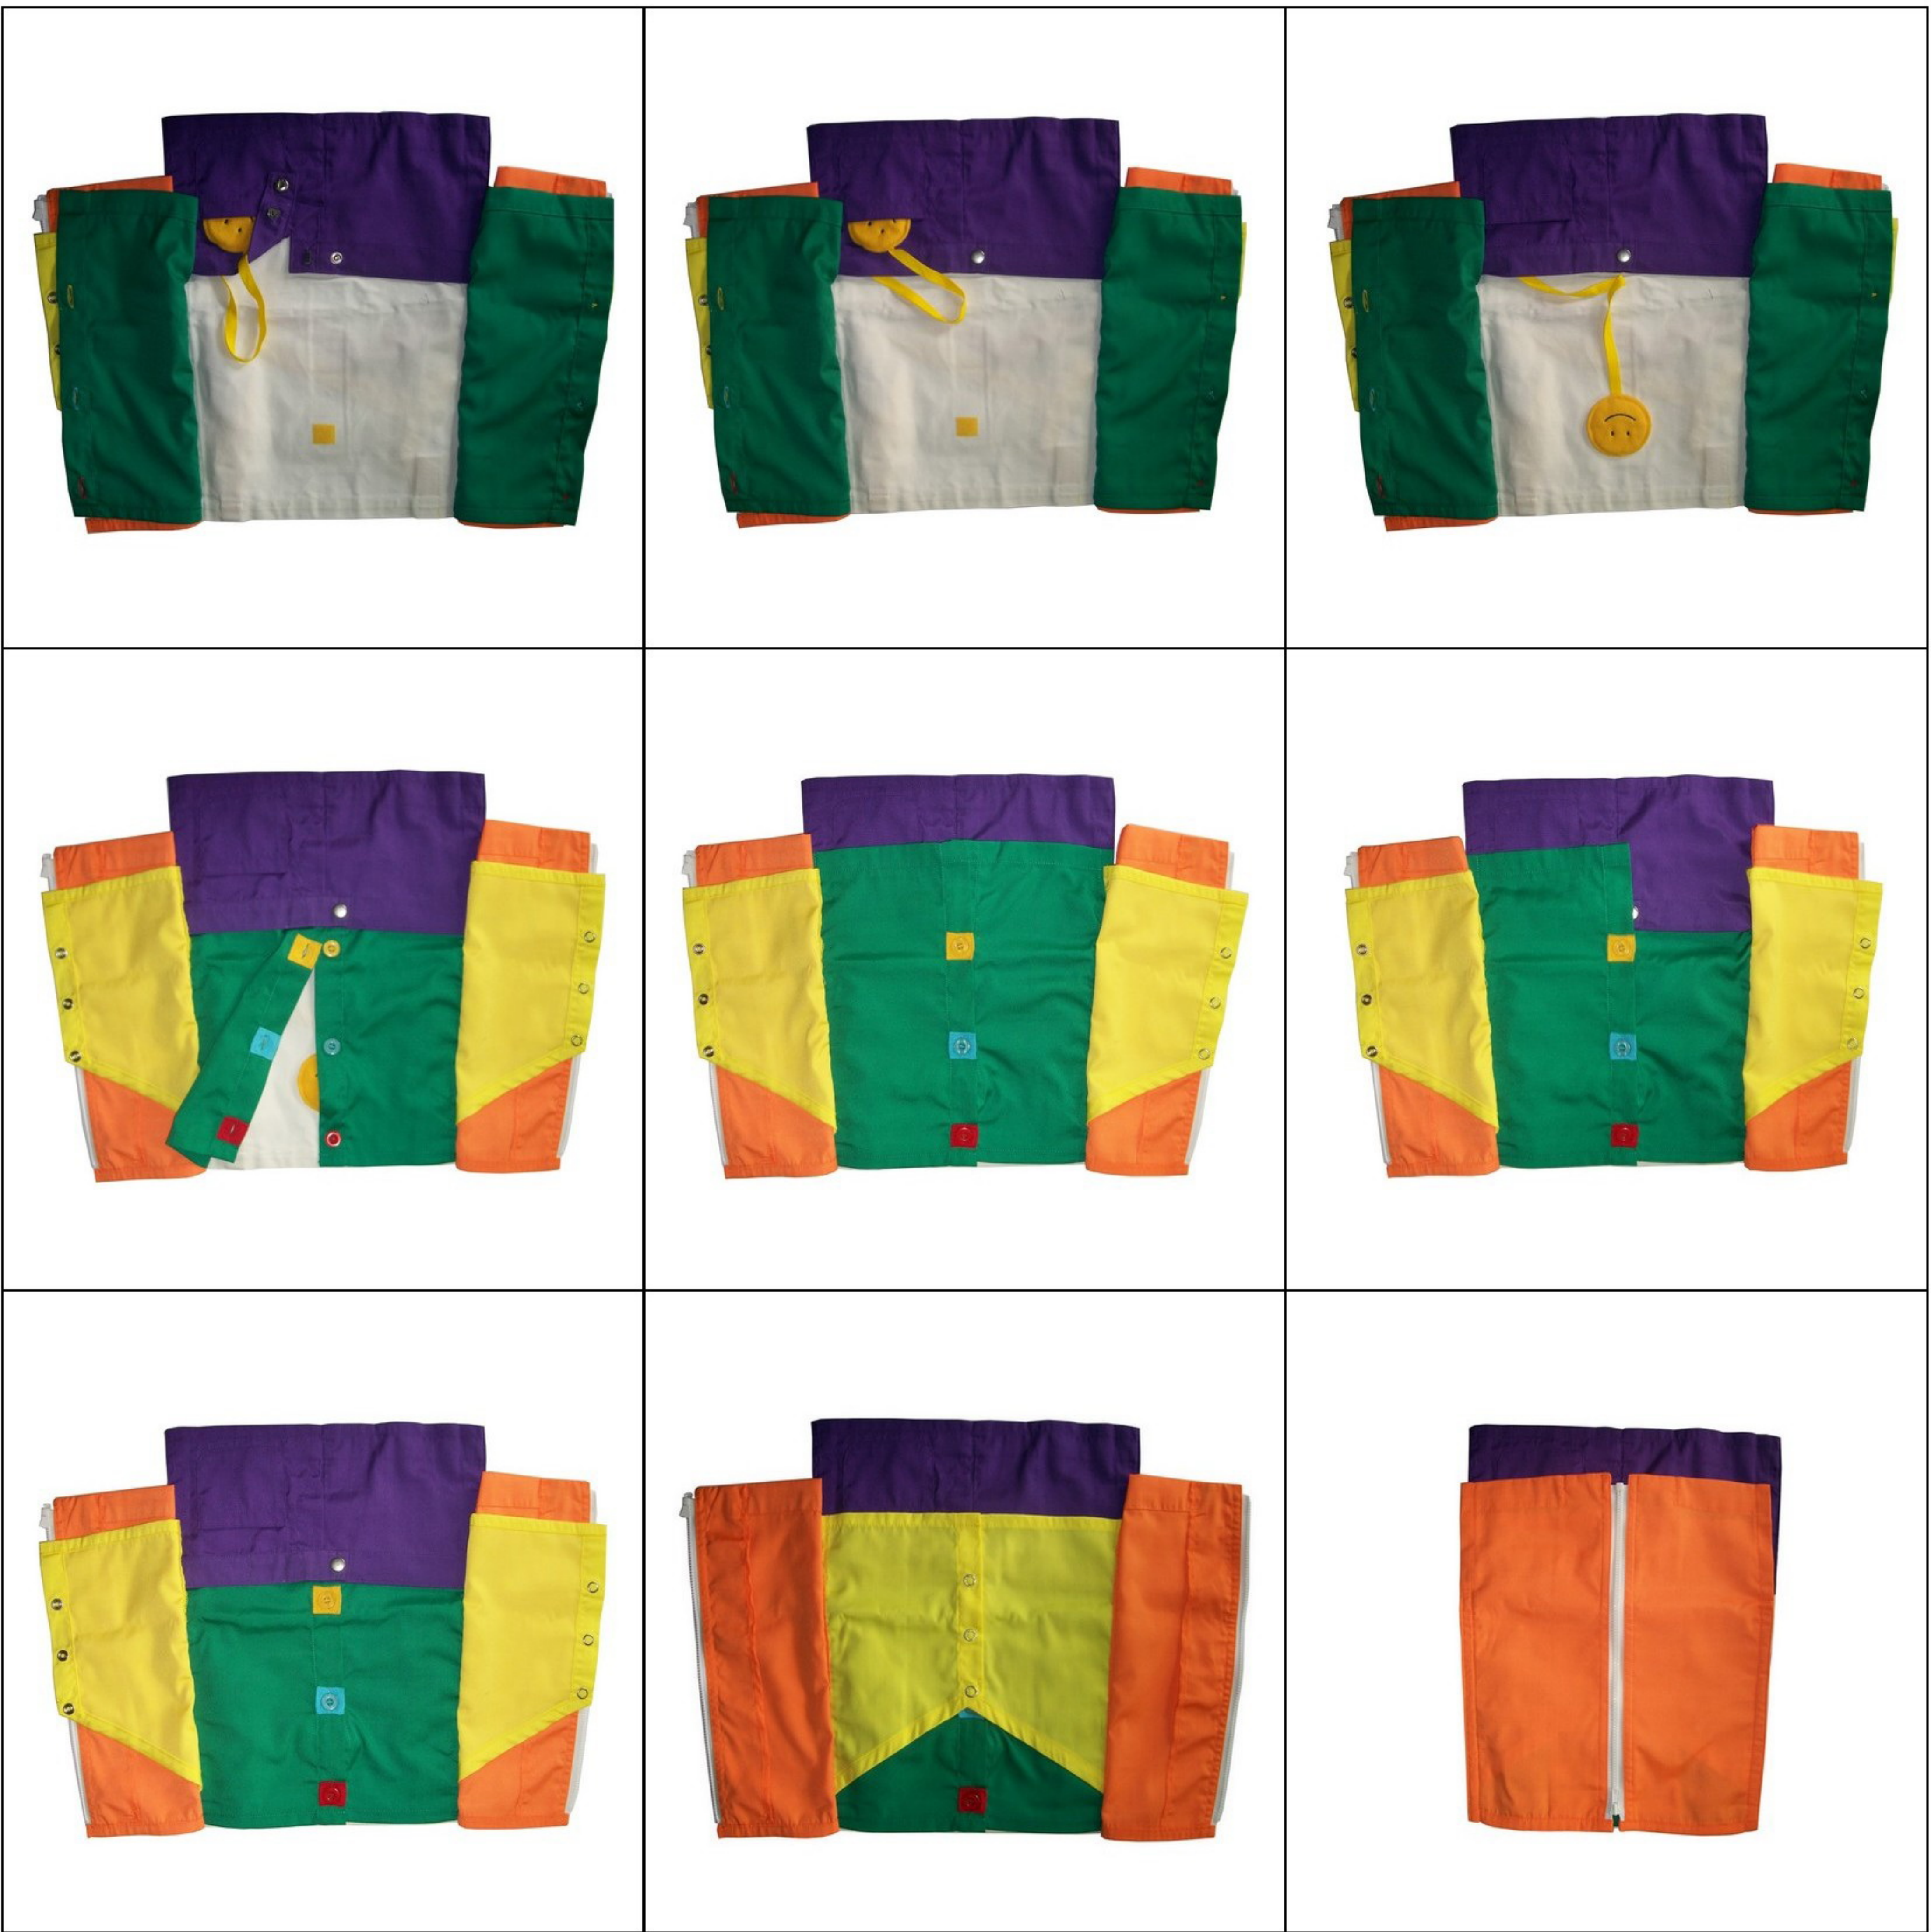

Insert the square 230 x 230 mm in the apron.
The child undresses and dresses.

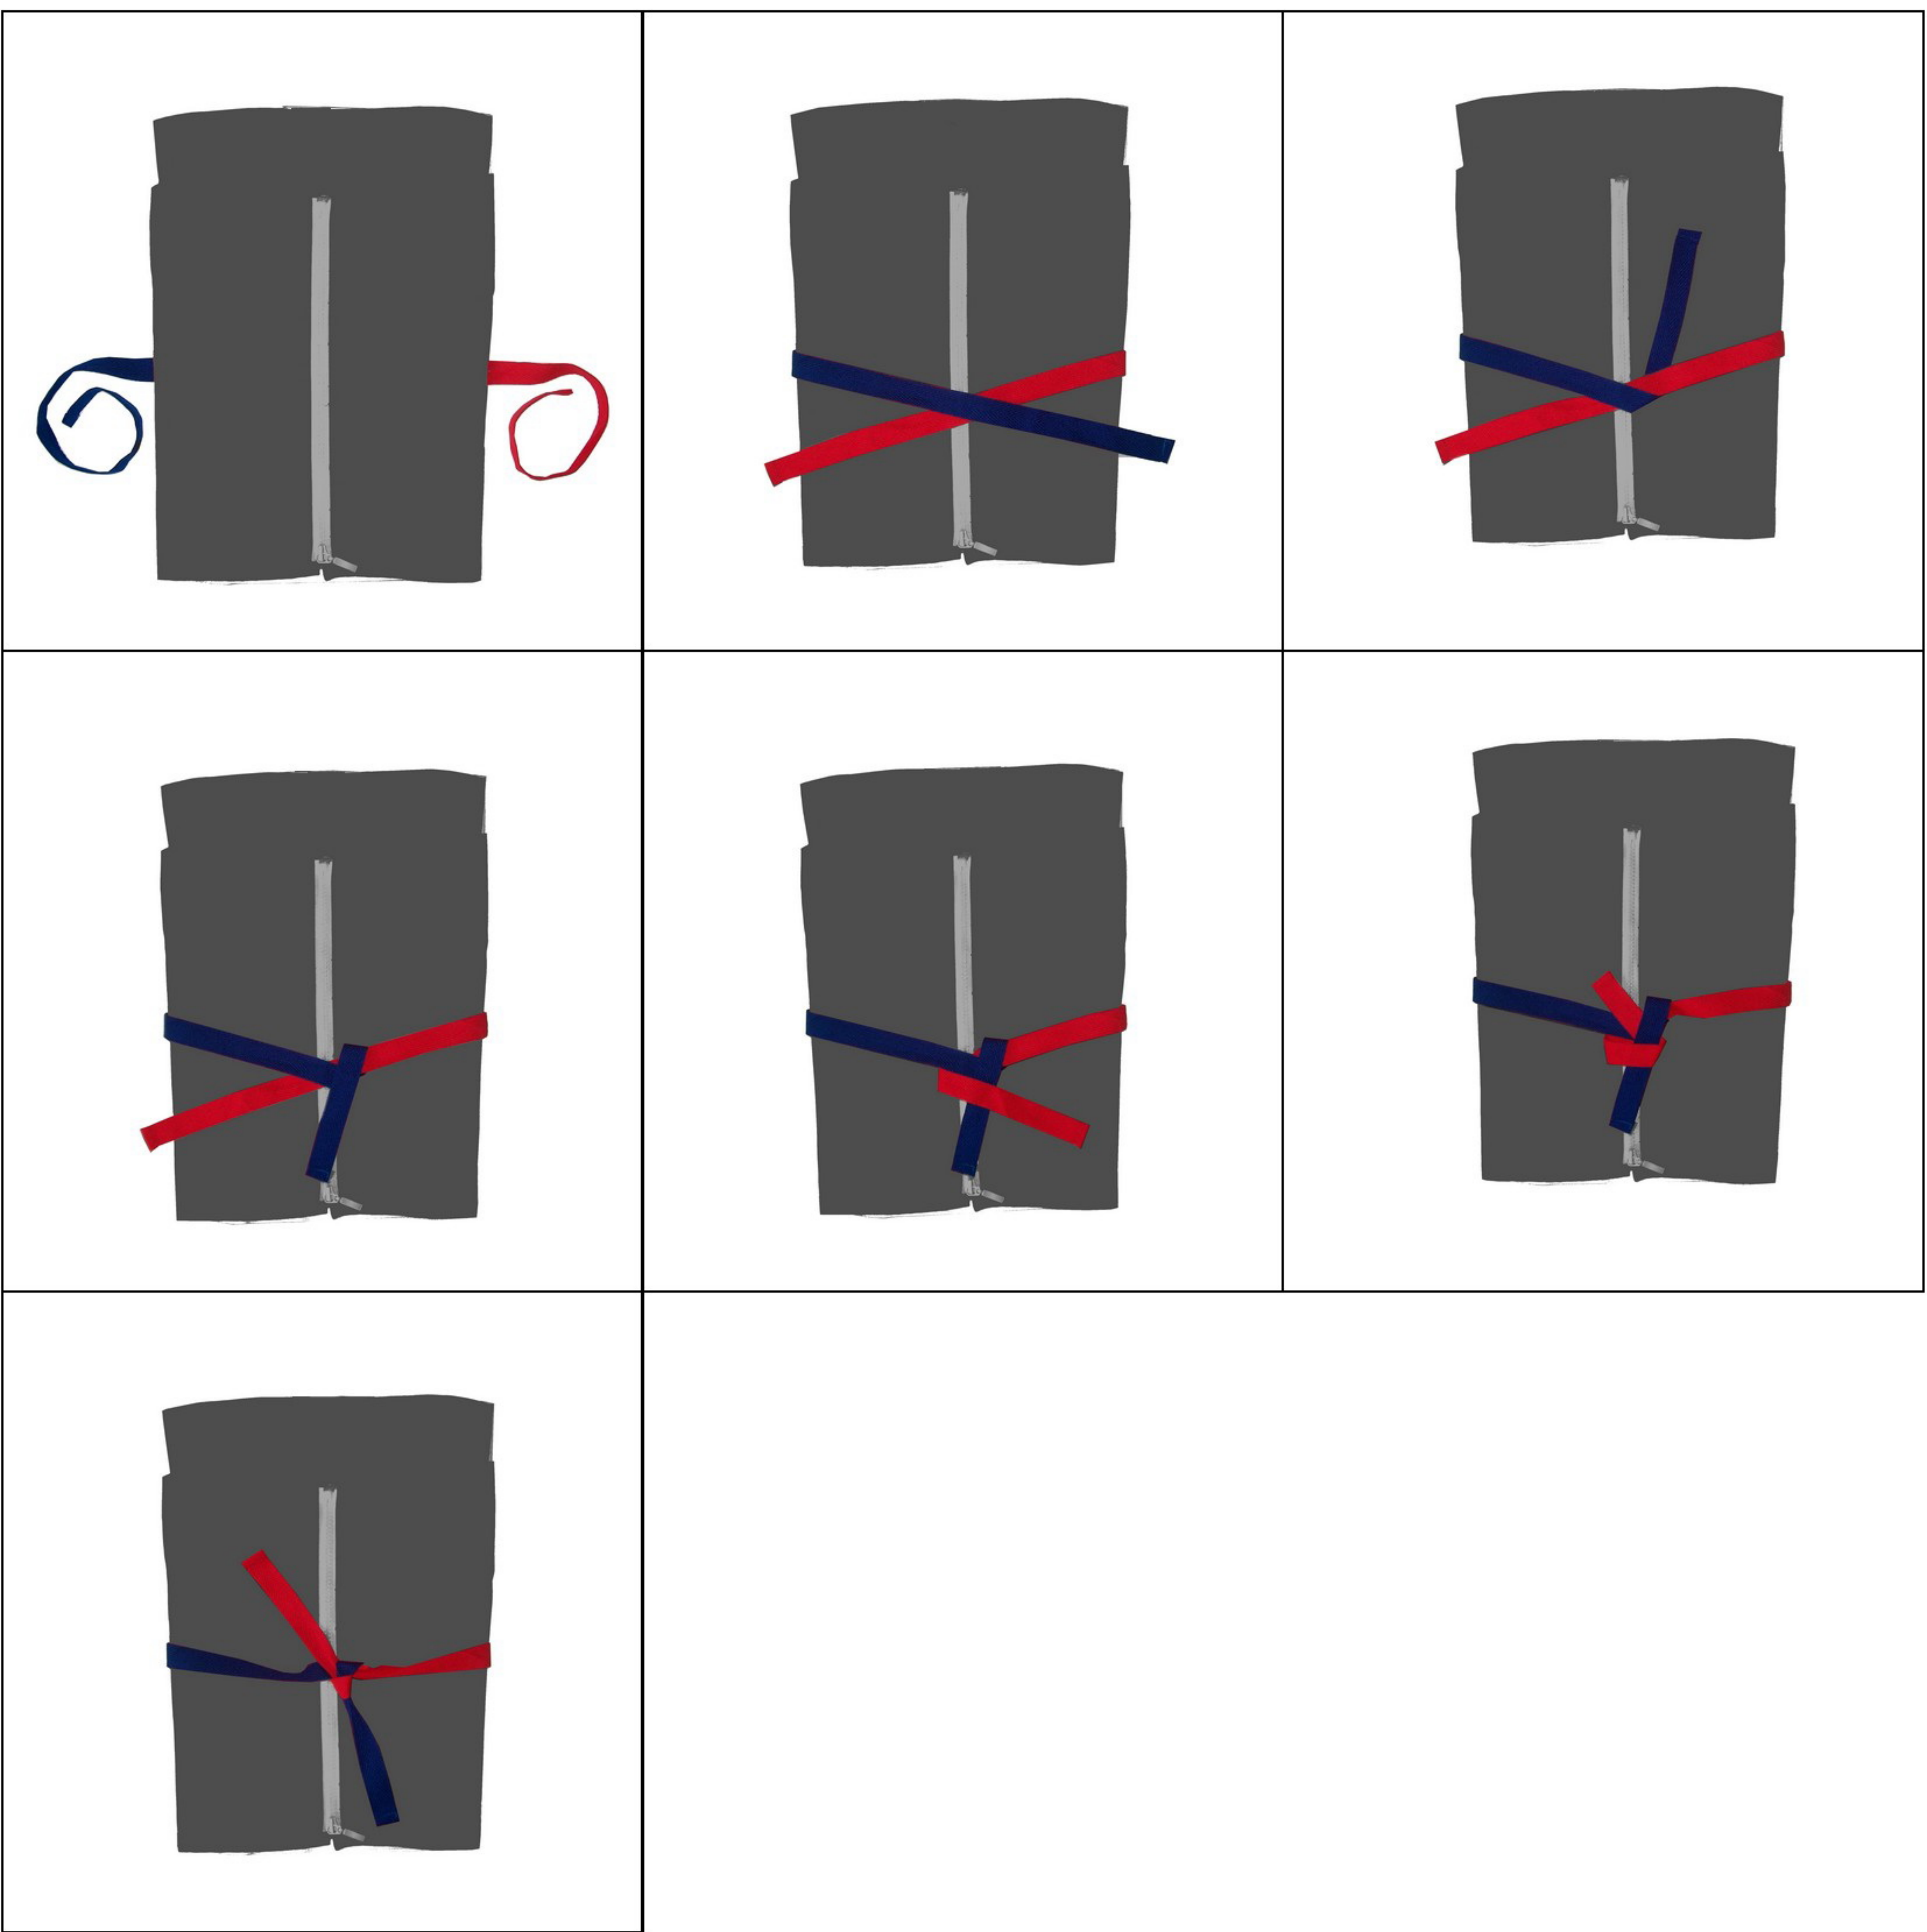

Additional activities : Playing cards to be sorted - To dress.

The cards are cutted.
The player sorts the card in order to get the correct step by step way how to dress.
