

Supermarket Science Show

with Scientific Sue

from
£125

We have gone VIRTUAL!

Create a buzz about Science and Engineering by booking one of our inspirational shows or workshops which will fill your audiences with wonder and excitement!

Our shows are still interactive whether they are broadcast live or pre-recorded.

The **SUPERMARKET SCIENCE SHOW** focuses on items which are readily available at home or in the shops.

One show used in multiple classrooms or as an opportunity to bring the whole school together.

Great value for money

[Click on this link to see our promotion video.](#)

We still use VOLUNTEERS!

Colour changing bubble bath

How a straw works

Bonus of booking a pre-recorded activity: You are in control of the video and hence the pace of the show. You can pause as many times as you like. You can choose one volunteer or choose the whole class!

Supermarket Science
